

# Options and Configurations

## KaVo DIAGNOcam™ Vision Full HD

3 IN 1

The only Full HD camera that creates three clinically relevant images in less than a second.

Only one camera allows you to reliably detect the earliest signs of caries using a combination of intraoral, transillumination and fluorescence images: the KaVo DIAGNOcam Vision Full HD provides you with three crystal-clear and clinically relevant Full HD images in less than a second.

KaVo™ and DIAGNOcam™ are registered trademarks of KaVo Dental GmbH.
